Action Item:

Elevators were down in RecPlex. Are there standards for how quickly they need to be fixed?

Repair vs. Response: service within 90 min to begin work on a resolution, 20-40 mins if someone is stuck in the elevator. Best practice for facilities is to have elevators fixed asap. Lockhart, then MB Halls elevators are being updated. UW have 20 elevating devices on campus and uses 5 different brands. Most parts are available in North America, and facilities does its best to keep key parts in stock.
